INTERNAL MEDICINE UPDATE 2012

ALASKA: AUGUST 18-25, 2012

**Dr. Jacques Bedard**

Dr. Jacques Bédard has been a specialist in internal medicine since 1976.

A member of both the Canadian Royal College of Physicians and American College of Physicians, he practices as a general internist at Sherbooke University Hospital in Sherbrooke (Québec).

He is a Full professor of Internal Medicine at Sherbooke University.

As the principal investigator at the London Clinical Research Centre, Dr. Bédard has participated in more than 50 multi-centre international clinical trials, including CARE, PRISM PLUS, CHARM, ACTION, SPORTIF V, VALUE, VALIANT, SWORD, PROFILE, RESOLVD, CHARISMA, ARISE, ADONIS, OVERTURE, and ILLUMINATE....

He has been a guest speaker at more than 1100 CME - related conferences, covering a comprehensive range of topics within the cardiovascular field: Dyslipidemia, Diabetes, HBP, Stable and Unstable coronary syndromes, Heart Failure, Atrial Fibrillation, Peripheral Vascular disease, Dizziness and Syncope, and mentoring through effective lifestyle modification.

Dr. Bédard received the CSIM (Canadian Society of Internal Medicine) **Osler Award** in 2002 in recognition of his work in CME activities, both nationally and internationally.
